Managed Services

Achieve quantifiable outcomes with managed IT services

Delivering secure cloud-native digital experiences to modern workforces strain your IT budget. CIOs and CISOs must balance security, support, productivity, and ROI. Blue Mantis Managed Services take IT complexity off your plate—and we make you look very good while we do it.

Empower people to be their best

Enable more productivity with managed IT services that scale with your business operational needs. Blue Mantis provides turnkey IT customized for your business so you can focus on ways to enhance the value you deliver to your customers.

Mitigate cybersecurity risks

Protect on-prem, cloud, and hybrid IT environments with turnkey 24/7 managed detection/response operations from the cybersecurity experts at Blue Mantis. We also deliver the security visibility to keep Board members, industry regulators, and compliance officers happy.

Offload device lifecycle management

Maximize the value of your human capital with full asset lifecycle management, robust end-user support, and transparent processes delivered as a service.

Save money to spark innovation

Blue Mantis can unite IT and finance with solutions that reduce your cloud costs and equip your DevOps teams with secure, world-class tools—all delivered as a no-hassle managed service enabling you to innovate faster and show a real return on investment for every aspect of your IT budget.
